Gentlemen:—
Your favor of the 4th inst. duly rec'd.
Am pleased to return the list of Cards
but had already checked off such as
I wanted sent and forwarded it
to Mr. Frossard since you will no
doubt receive two (2) orders for the
same specimens. There are quite
a number on the list that
I have checked that I think I
now have but the spelling as
given on your list is different
from the card. I have e.g. [illegible]
Bircher and Macon + Gano (?)
I think I know a collector who would
be pleased to purchase a large number

I have [illegible] and wrote him yesterday
when I get his reply will advise
you we may form a club and
make a big lot

Gentlemen;-

Your favor containing Catalogues of English Tokens duly rec'd. I am greatly disappointed in this collection for I had been led to believe it contained many of the rarities of the Conder series and that they were all or nearly so in Mint-State, There are but very few I could use. I have, however, marked "V." such as I care to inspect - but ere you please about sending them on approval, Also you would have to cut the prices, I can and have imported many of the Conder series and can get them for about 60 per cent less than Spinks prices There are many other dealers except Spinks that have these for sale, I now have about 3000 of the Conder series

II

I realize that the W. J. Davis collection sold well in London but his cabinet contained many of the extremely rare examples of this series and many of them were the first products of dies that gave out after only a few impressions had been taken. This sale caused considerable stir among "Conder" collectors but I have had invoices sent me since this sale at the same prices. Hence if you do not feel like permitting selections to be made you need not hesitate to say the word. The only real choice taken I note is "Swainsons" that I want and I have this in White Metal which is [illegible] per Spinks - And I only paid $12.00 for it in Mint State and I would not dream of going above this price for one in Collier I have gone through all the catalogues and [illegible] such as I can't see
